LUXURY SHORT SAFARI

I - FLYING WITH DOCTOR LIVINGSTONE - 11 NIGHTS

CAPE TOWN  ZAMBIA  VICTORIA FALLS  TANZANIA  ZANZIBAR
"If you have men who will only come if they know there is a good road, I don't want them. I want men who will come if there is no road at all."

David Livingstone
Why Livingstone? Dr. David Livingstone is one of the most important explorers of the African Continent. We follow his footprints and indulge in his studies on a fascinating and unique journey. Why unique? Because each expedition made a difference today and that is why every journey to Africa is unique. From Cape Town to Zambia, where Dr. Livingstone discovered the Victoria Falls, to the great plains of the Serengeti in Tanzania and the traditional Spice Island of Zanzibar.

On the footsteps of the great explorer Dr. Livingstone our itinerary comes to life! Livingstone arrived in Africa for the first time in 1841 when most of the African continent still represented a mystery. He was one of the most important explorers of the continent. From 1852 to 1856 he explored the Zambezi, discovered the Victoria Falls and was the first European to cross Africa from Luanda - on the West Coast - to Quelimane on the East. While on his extensive expeditions to Africa, the "World" lost his traces. An expedition led by journalist Henry Morton Stanley was sent from London and New York to find him. It was Stanley on 10 November 1871 who found a sick and poverty-stricken Livingstone on Lake Tanganyika. It was a very moving meeting and one of his most famous imprinted pages!

ITINERARY:

ZAMBIA - LOWER ZAMBEZI - 2 NIGHTS
ZAMBIA

LOWER ZAMBEZI

"In 1858, by now famous, Livingstone returned to Africa at the head of an official expedition of the British Government, but the main objective of the journey, to ascertain the navigability of the Zambesi with steamboats, came to fall due to the Quebrabasa rapids."

The Lower Zambezi is a haven for wildlife and bird lovers with 60 mammal species and 378 bird species. Elephant, hippo and a diversity of plains game are abundant throughout the park. It also boasts a healthy lion and leopard population with sightings of hyena and wild dog common. Perhaps the most exciting aspect of game viewing in the Lower Zambezi is the sheer variety of activities on offer. In addition to the traditional game drives and walking safaris, the Zambezi River allows for a variety of additional river-based activities and experiences that few, if any, other destinations can offer.

ACTIVITIES INCLUDED IN THE EXPERIENCE

- Day and night game drives
- Excellent fishing
- Boat safari
- Canoe safari
- Tiger fishing
- Burgeoning population of Elephants & Wild Dogs
